### NO FIREWORKS DURING THE JUBILEE

The Prohibitory Regulation to Be Enforced.

Use of Parking Space for the Display of Goods.

Attorney Thomas' Opinion on Linbillity of Non-Residents-Other Municipal Affairs.

Many enquiries have recently been made egarding the position of the Commissioners and the Chief of Police in the matter of permitting the use of firecrackers and ireworks throughout the city during the ence Jubilee.

The matter was brought to the attention of Major Sylvester yesterday by a communication sent to The Times, and he ansounced that the police regulations will be rigidly enforced and that any person elling or using fireworks other than officials connected with the Jubilee and the apectacular shows which are to be given

speciacular shows which are to be given will be arrested.

Major Sylvester maintains, and in this he is sustained by the Commissioners, that fireworks will be more dangerous during the Jubilee than on the Fourth of July, in view of the large amount of decorations which will be strung along the various streets, and also in view of the crowds that will frequent the streets.

The police regulations which prohibit the sale and use of fireworks, and which will be enforced, read as follows:

No fireworks or explosives of any kind whatever.

will be enforced, read as follows:

No fireworks or explosives of any kind whatever shall be manufactured, stored, kept, or used within the limits of the District of Columbia without a license previously obtained from the Major and Superintendent of Police under direction of the Commissioners, except in connection with public works under the direction of the officer in charge thereof.

No gun, airgun, rifle, pistol, or other firearm, torpredo, firecrackers, squib, or other fireworks shall be discharged or set off within the limits of the City of Washington, or within the fire limits of the District of Columbia outside of said city, or in any public road or highway within the said District, without a special penult therefor from the Major of Police.

The penalty for violations of these regu-

The penalty for violations of these regutions is a fine of not less than \$5 no more than \$40.

THE USE OF PARKING SPACE Commissioner Beach Submits a Reg-

ulation for Approval. The District Engineer Department has been in receipt of nearly a hundred applications from owners or occupants of stores upon streets which have not been declared upon streets which have not been declared business streets by the Commissioners for permission to display goods on the parking space. Captain Beach has found that in order to take up each case individually a large increase in the clerical force of his office would be necessary. He also thinks considerable trouble might be caused the police, as different permits might be granted to different parties. Captain Beach believes that much better results can be secured through the adoption of a general regulation, and he has recommended the approval of the following order:

"That the owners or occupants of stores

This assortment seems to be without a limit—because 10,000 yards went cover the quantities. Come in both light and dark colorings, with every imag- 834 mable patiers, menuoung pain 844.

Percale Remnants.

The best makes—Sea Island and Punfobs. In this assortment we can suit any fad or fancy, no matter how fastidious one may be. Every color, every style, 0.3 c. "That the owners or occupants of stores space in question."

It is argued that this regulation will give

parties the same privileges which they en-joyed under the old corporation laws.

TO DISSOLVE AN INJUNCTION. Northern Liberty Market Claimants

to Hold a Mass Meeting. Arrangements have been completed for a mass meeting of Northern Liberty Mar-ket claimants at Society Temple, corner Charles F. Cross, who was retired on a Fifth and G Streets northwest, at 7:30 o'clock this evening. Many, if not all the claimants, are expected to be present and a plan of action will be outlined to be followed by the claimants in view of the injunction proceedings which are pending in the courts restraining the payment of allowances to them. They will make a allowances to them. They will make a strong effort to have the injunction dis-solved and matters have progressed so sat-isfactorily that they feel confident of suc-

The trouble is stated to be that the atrneys have in some cases charged 'arger ministions than the claimants agreed to pay, but the attorneys deny this allega-tion. It is said that many who have been charged 25 per cent commission would willingly pay 25 per cent for legal advice, but will vigorously oppose any proposition having for its object the payment of a larger commission.

Attorney Thomas' Opinion Approved. A complaint against several nuisances \$2.50 per day.

C. K. Conrad, to be chalman in the maintained by the Baltimore and Ohio Railroad on premises 833 and 835 First Street northeaus, and consisting of the lack of necessary sever connections, was recently filed with the Commissioners by S. S. Hessler, of 837 First Street northeast. The question was referred to Attorney Thomas, who replied that the act of May 19, 1896, provides, in case a property owner required to connect his lot with a sewer be a non-resident notice shall be given by publication in some daily newspaper in Washington, directing the connection of the lot with the public sewer, and that if, after such notice, the connection is not made and Charlie Morrizgi two mentls. ter such notice, the connection is not made the Commissioners may cause it to be made and pay the expense out of the emer-gency fund, and assess the expense and cost of advertising against the lot.

The Baltimore and Ohio Railroad being a non-resident of the District, Attorney Thomas informs the Commissioners that it will be necessary to give notice as requir-ed by the act of May 19, 1896. If the company fails to connect its premises with opinion.

The Complaint of C. Horner. "When tired people are trying to sleep," wrote C. Horner several days ago in a complaint to the Commissioners against the noise at the corner of Seventh and K Streets northwest, "different crowds of colored people keep coming, laughing and relling in their boisterous way. One crowd goes on and another comes, in the same noisy way until sleep is impossible. A clam and cyster man stands on the corner of K and Seventh Streets every night until 1 o'clock, and Saturday nights until 2 o'clock. A week ago we had two fakirs,

prayer meeting on each corner, all holler-ing at the same time." The Commissioners have called the attention of the police to the matter, and will endeavor, in that way, to prevent any further inconvenience to the residents of the neighborhood.

An Allegation Found Untrue.

Charles I. Simms recently wrote to the District Commissioners alleging that he pension on account of deafness, was probably imposing on the District. He said that he had been informed that the deaf-ness of the officer was caused by chronic catarrh and the habitual smoking of cigarettes, and would "cheerfully" give the name of the informant. The matter was thoroughly investigated, and a report made to the Commissioners by Captain Austin, of the police force, showing that there was no truth in the allegations against the officer.

Appointed by the Commissioners. The Commissioners made the following appointments yesterday:

C. G. Van Hook to be draftsman in the Electrical Department, at \$4 per day.

F. A. Perley to be transferred from computer in the Street Extension Division at \$2.50 per day to rodman in the Street Department, at the same rate of pay.

Charles Minnegerode to be appointed rodman in the Street Extension Division, at

Lesicki, thirty-eight years; Martha Ann Proctor, thirty-three years; Oliver Ander-son, one year; George Augustus Roye, eleven months; Cecilia Dekosta Yates, ten months; Elsie Loraine Fox, nine months, and Charlie Morrizzi, two months.

Mrs. Eliza Harper Awarded Damages Mrs. Eliza Harper, who some time during the month of April, 1896, was injured while boarding a Metropolitan car at the corner of Indiana Avenue and Third Street northwest, was yesterday awarded \$2,558 damages by a jury in Circuit Court No. 1, Chief Justice Blugham presiding. The plaintiff asked for \$10,000 damages, and at be public sewer, the Attorney says the longing the longing large may do it and charge the set to the railroad company. The Company its line is a former trial of the case was awarded \$1,560, but by agreement between counsel a new trial was agreed to. The testimony showed that one of Mrs. Harper's limbs was fractured in her effort to board the limbs was fractured in the second by car. The plaintiff was represented by Messrs. J. J. Darlington and Harry G. Kimball and the railroad company by Nathanlel Wilson.

Deed to the Dewey Hotel Lots. A deed was put on record yesterday by Theodore F. Wildensheimer and wife, conveying to the Dewey Hotel Company lots veying to the Dewey Hotel Company lots 29, 30, 31, and part of 33, and lots 44, 45, and 46, in square 248. The consideration named is \$10, but the deed bears \$100 worth of revenue stamps. The Dewey Hotel Company gave a deed of trust on the above mentioned property and all chatters in the Dewey Hotel, and also in premises 1008, 1010, and 1012 Thirteenth Street northwest, to Andrew A. Birney, trustee, to accure 200 bands, aggregating \$200,010.

SUICIDE OF A. E. MONROE.

Inhaling Gas. Arthur A. Monroe, a letter carrier, thirty-two years old, died at the Emergency Hospital about 1:30 o'clock yesterday afternoon, as the result of inhaling illuminating gas at his home at the corner of Sixth Street and Louisiana Avenue northwest, two hours previous. The gas was inhaled through a rubber tube connected at one end with a gas jet in a room on the third story. The other end of the tube was

signed is said to be a series of domestic Monroe was discovered lying on the floor in a semi-conscious condition at 11:30 o'clock by his wife on her return from market, whither she had gone to purchase provisions in accordance with a suggestion from her husband. The Emergency Hospital was communicated with and the man taken there in the ambulance. The physi-cians labored hard, but despite their efforts at resuscitation Monroe died without

tied in the man's mouth. The circum-stances indicate suicide, and the cause as-

regaining consciousness.

Menroe and his wife lived on the third floor of the house mentioned. They had lived there but a short while, having moved from a house at the corner of Nmth and E Streets northwest. The man had been serving as a letter carrier for a few been serving as a letter carrier for a few months, but was not on the regular force. It was said that during the occupancy by the Monroes of their former home Mrs. the Monroes of their former home Mrs. Monroe attempted suicide by shooting horself in the head. The couple, it is alleged, were estranged at the time, but later effected a reconciliation, with the result that they lived peacefully together.

It is said that Monroe was drinking Wednesday night, and had trouble with his wife. At all events, Mrs. Monroe called Foliceman Stange, of the Sixth precinct, and wanted him to arrest her husband, charging that he had beaten her. Stange referred the woman to the policeman on referred the woman to the policeman on the beat where their home is located. No action seems to have been taken against action seems to have been taken against the man, and nothing is known of his movements until yesterday morning, when he entered the house, and, giving his wife money, instructed her to go to market. When she returned she found the room door locked, and forced it open. Entering the room she detected the odor of gas and saw the unconscious form of her husband. Coroner Carr was notified of the death, and decided that an inquest was unnecessary. He issued a certificate of death by suicide. The arrangements for the funeral

suicide. The arrangements for the funeral have not been completed. THE LANGLEY SUICIDE.

Arrangements for the Funeral of Emery F. Johnson.

The funeral of Emery F. Johnson, thirty-one years old, the postmaster at Langley, Va., a small village about a mile from Falls Church and a short distance from the Chain Bridge, who committed suicide Wednesday afternoon about 2 o'clock by shooting himself in the head with a shotgun, will take place this afternoon at 2 o'clock from the late home of the deceased. Rev. Mr. Tyler, pastor of the Southern Methodist Church at Falls Church, will officiate. Interment will be made in Oakwood Cemetery, near Falls Church

No reason can be assigned for the deed. Shortly before the tragedy, Johnson went out into the yard near the house, taking with him a double-barreled shotgun. It is supposed that his first attempt to take his life was unsuccessful. His wife heard the report of the gun and came out. Johnson lold her that the discharre was accidental told her that the discharge was accidental, and returned to the house. In a few mo-ments she again heard the report of the weapon, and found her husband lying upon the kitchen floor with a stream of blood running from an ugiy wound under the left side of the chin. Death was prob-ably instantaneous, as the shot passed up-ward and through the brain.

Medical assistance was summoned, but the physician who responded found the man dead. Johnson had recently been in man dead. Johnson had recently been in one of the Washington hospitals, where he had had two fingers removed from the right hand. Both members were foren during the blizzard last winter while he was driving his milk wagon home from the city during the storm. He was in excellent health, with the exception of the pain caused him by the fingers, and his business affairs are said to have been in good condi-tion.

Johnson is survived by a wife and thresmall children, the oldest being six years of age and the youngest three. The de-ceased was a son of Banjamin T. Johnson, well known in the country around Lang-

#### IT CAN'T BE DONE. No One Can Remain Well, No Chronic

Stomach Is First Made Strong and Vigorous. This is plain because every organ in the

body depends on the stomach for its nour-ishment. Nerve, bone, sinew, blood are made from the food which the stomach onverts to our use. How useless to treat disease with this, How useless to breat disease with this, that and the other remedy and neglect the most important of all, the stomach.

The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, allin stemach and bowels, palpitation, all-gone feeling, faintness, headaches, consti-pation; later comes loss of flesh, consump-tion, liver and heart troubles, kidney dis-

se, nervous prostration, all of which are ease, nervous prostration, all of which are
the indirect result of poor nutrition.

Any person suffering from indigestion
should make it a practice to take after
each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth
and thus mingle with the saliva and enter
the stomach in the most natural way.
These tablets are highly recommended by Dr. Jennison because they are composed of the natural digestive acids and fruit essences which assist the stomach in di-gesting all wholesome food before it has
